Digital Watchdog® Announces New Control4® Home Automation Driver for DW Spectrum® IPVMS

DW Spectrum® IPVMS Servers Can Now be Added Seamlessly to a Smart Home Controlled with Control4®

Cerritos, CA (August 23, 2017) – [Digital Watchdog® \(DW®\)](#), the industry leader in HD Video Surveillance Made Easy™, announces the availability of a new Control4® driver for DW Spectrum® IPVMS. The driver, developed by Homeation™, brings enhanced functionality to DW Spectrum® IPVMS systems in the Control4® environment by allowing HD video surveillance managed by DW Spectrum® IPVMS to be viewed right from your Control4® device. Installers can “Drag-and-Drop” the driver into Control4’s Composer design software, point to the IP address of the DW Spectrum® IPVMS server and add surveillance cameras to their Control4® environment.

DW Spectrum® IPVMS is an easy cutting-edge approach to surveillance, addressing the primary limitations of managing enterprise-level HD video while offering the lowest total cost of deployment and ownership on the market. DW Spectrum® IPVMS is a perfect solution for applications that require ease, speed, efficiency and unprecedented image quality.

“This driver is yet another example of the DW Spectrum® Open Architecture”, said Patrick Kelly, Director of IP Video Solutions, Digital Watchdog®. “Using the DW Spectrum® built-in API,

Digital Watchdog Press Release

Homeation™ developed a simple method to combine DW Spectrum® with Control4, which our dealers will really appreciate. We are excited to share this cutting edge solution at no charge.”

Control4® drivers are made available for download directly from Homeation™ at
